Trans Asia Global Logistics (TGL)

Door to Door International Logistics Service

TGL - Door-2-Door Logistics services offers flexibility in service, cost advantages and access to TGL's own offices as well as a dedicated network of agents throughout the world.

We are your one-stop service provider for your ExWork, FCA, CIF, FOB, DAP, DDP shipments from almost any origin, destination or carrier. We provide streamlined freight forwarding to book your cargo, arrange for pickup and delivery, and manage the shipping documentation.

TGL - FCL offers a tailor-made, reliable, multimodal transportation solutions to meet your individual requirement.

- Quality processes and services for receiving, delivering, bonded storage, forwarding, shipping and consolidation, de-consolidation, packing, lashing and crating.
- Maximize routing and transit options to global destinations across a selection of preferred carriers.
- Simplify your transportation and freight processes using a single provider who can manage your entire supply chain.

Key Attributes

- World wide FCL - full container service.
- Full insured MTO bill of lading.
- Weekly scheduled arrivals and departures using reputed carriers.
- Ex-Work, CIF, FOB, DAP, DDU shipments accepted worldwide.
- Customs clearance and transportation services.
- Proud member of WCA global network.

Trans Asia Global Logistics (TGL) LCL - Cargo Consolidation Service

TGL - LCL service provides you an alternative to full container and/or airfreight when you don't have enough cargo to fill an ocean freight container and you want to avoid expensive air freightment.

For smaller parcels /shipments that do not require a full container or airfreight, you can use TGL LCL service that offers flexible weekly LCL's using own and shared services.

We can offer you space within a container that is shared with other customers' goods to deliver economical usage-based costing and visibility.

- Door to Door service capabilities on import and export LCL shipments.
- Direct or maximum one-stop routing providing fast and reliable transit.
- LCL keeps goods moving in your supply chain because you can send them as soon as they are ready rather than waiting until you have a full container.
- Innovative solutions based on customer needs.
